Pinnacle PDQH3000C/PDQH5000C - Factory Operating Instructions and Parts (PDF)

Manufacturer	Pinnacle Industries
Model	PDQH5000C
Manual model configuration	PDQH5000C
Rated pressure class	5,000 PSI; do not exceed nameplate pressure
Drive	Manual hand lever
Displacement per stroke	0.30 cu. in., factory C-model manual
Fluid inlet	1/2 in. NPT female
Fluid outlet	1/2 in. NPT female
Manual configuration weight	18 lb
Base	19 x6 in. aluminum channel with handle slot
Test isolation	Relief / needle bleed valve and check-valve system
Gauge scale	0-6,000 PSI; gauge scale is not equipment rating
Hose listed in parts package	1/2 in. x15 ft, PDQH-33
