Rice Hydro Diaphragm Series - Factory Brochure (PDF)

Manufacturer	Rice Hydro
Model	DPH-3B
Maximum test pressure	550 PSI
Published flow	11 GPM
Pressure regulation	70-550 PSI
Pump	Triple diaphragm
Engine	Honda, 196 cc / 6.5 HP, air-cooled 4-cycle, Oil Alert
Inlet connection	1 in.
Outlet hose	8 ft high-pressure 1/2 in. hose, quick couplings
Gauge	Stainless steel liquid-filled, 0-600 PSI scale
Chemical capability	Up to 10% chlorine solution, manufacturer rating
Dry running	Factory states dry-running capability for diaphragm pump
Dimensions	25 x 21 x 17 in.
Pump weight	104 lb
Inlet hose assembly	9 ft with mesh strainer; listed optional in factory brochure
