SIMPSON MSVK2723

SIMPSON MSVK2723 - 2700 PSI Cold-Water Pressure Washer

Source: Manufacturer product page

Cleaning performance

Model	**MSVK2723**
Factory part	**60730-S**
Maximum pressure	**2700 PSI**
Maximum flow	**2.3 GPM**
Factory rating tolerance	**±10% pressure and flow**
Water type	**Cold tap water**
Inlet water pressure	**20-100 PSI**
Maximum soap consumption	**10%**

Pump and engine

Engine fuel	**Unleaded gasoline**
Starting	**Recoil**
Pump service assembly	**7107969**
Pump identification	**510011; 2700 PSI at 2.3 GPM**
Pump lubrication	**Factory-filled; maintenance-free design**
Detergent delivery	**Siphon hose and filter; low-pressure soap nozzle**

Hose and running gear

High-pressure hose	**1/4 in x 25 ft MorFlex; M22 connections**
Spray lance	**16 in; 1/4 in quick-connect outlet**
Spray tips	**15 deg, 25 deg, 40 deg and soap**

Hose and running gear

Wheels	**12 x 2 in; polypropylene / PVC**
Gun connection	**M22 inlet and outlet**
Handle	**Snap-button removable assembly**
