MEGA ROLLER STAND – 10,000 LBS / 4,535 KG / 5 US TONS

The B&B SUMNER mega roller (10,000 lbs / 4,535 kg / 5 US Tons) is a high capacity pipe roller designed for heavy duty job-site use.

Its oversized 10 x 3" / 250 - 75 mm wheels have an urethane over steel design, offering numerous advantages: they allow ultra smooth pipe rotation via heavy duty sealed bearings, for both steel, stainless steel and exotic alloys pipe. The unique head design also allows the removal of the wheels, transforming to a V-head stand restricting pipe rotation.

The robust construction, with its twin ACME rods, allows to raise and lower the headstock and wheels for precise fit-ups even under load.

All mega rollers are powder coated and allow for additional feed wheels for mega movement.

SPECIFICATIONS

- Load capacity: 10,000 lbs / 4,535 kg / 5 US Tons
- Pipe capacity: 4 - 60" / 101.6 - 1,524 mm
- Working height: 25 - 35" / 635 - 889 mm
- 10 x 3" heavy duty urethane over steel wheels with sealed bearings for smooth pipe rotation
- Contamination free wheels are ideal for steel and exotic pipe fabrication
- Heavy gauge steel construction throughout. These mega rollers are made for years of job-site usage
- Powder coated safety yellow for high visibility
- Expanded foot print at 36 x 52" / 914.4 x 1,320.8 mm increases pipe stability
- Four side fork lift access
